Escape the winter chill and settle into a cozy yet quirky cottage at the Winvian Resort in Connecticut's Litchfield Hills. This 18-cottage boutique inn, about 100 miles from Midtown Manhattan, offers a choice of themed accommodations such as the Treehouse cottage, a luxury adaptation of the backyard staple 35-feet above the ground, featuring a steam shower, two wood-burning fireplaces and a wet bar.

The Helicopter cottage houses a fully restored 1968 Sikorsky HH37 Sea King Pelican and includes a screening area and wet bar. The Golf cottage has green-carpeted floors, purposefully uneven and rife with holes, encouraging enthusiasts to put around the cabin.

Rates start from \$1,450 per night and include all meals. Use of some facilities and activities incur extra costs. A 13% gratuity and 9% Connecticut state tax will be added per night to the room rate. The entire property is available for exclusive use. Call 860-567-9600 or visit www.winvian.com.
