

WINVIAN FARM IN CONNECTICUT'S LITCHFIELD HILLS

TEAMS UP WITH TESLA MOTORS

Tesla Destination Charging Offered as New Guest Amenity

at Winvian Farm

Morris, CT, January 7, 2016 – [Winvian Farm](#), the award-winning AAA Five-Diamond resort and restaurant, and New England's only property with an organic working farm, has teamed up with Tesla Motors to provide an increasingly desirable, sustainable amenity: [Tesla Destination Charging](#). Featuring two (2) Tesla 100 AMP charging stations, along with one (1) 40 AMP universal electric vehicle charger, guests can charge their vehicles while on property. This amenity provides guests of Winvian Farm a convenience they would otherwise only find at home.

Winvian Farm joins a rapidly growing network of resorts in Tesla's Destination Charging Program. Tesla partners with world renowned hotels and restaurants to offer High Power Connectors to visitors. Model S offers 265 miles of range on a single charge so the High Power Wall Connector can easily top off the Tesla in a couple of hours.

Director of Sales & Marketing of Winvian Farm, Win Smith III, states, "Winvian Farm is constantly evolving our services to heighten our guests' experiences year after year. In combining the forward-thinking Tesla with the immersive experience in nature that is Winvian Farm, we only further our commitment to providing outstanding services and earth-friendly offerings. Both guests and their vehicles now have the opportunity to recharge and rejuvenate while on property!"

Winvian Farm and other Tesla Destination Charging locations are hosted on Tesla's interactive [webpage](#) and will soon be GPS located on Model S' navigation through a free software update sent wirelessly to the car.

About Winvian Farm

Winvian Farm, an oasis of 113 acres in the rolling Litchfield Hills, is a recent winner of *Condé Nast Traveler's* 2015 Reader's Choice Awards and was recognized as a Top 100 Resort in the World, Top 25 US Hotel & Resort, and a Top 20 New England Resort along with maintaining the coveted AAA 5-Diamond Award for both Hotel & Restaurant. Along with also being members of the renowned Relais & Châteaux society, this privately owned, unconventional & extraordinary property can be best described as "113-acres of Norman Rockwell meets Alice in Wonderland."

Special amenities at Winvian Farm include a 5,000 square foot spa, an events barn ideal for weddings and special events, a professional kitchen for private cooking classes, and

About Tesla

Tesla Motors' (NASDAQ: TSLA) goal is to accelerate the world's transition to sustainable transport with a full range of increasingly affordable electric cars. California-based Tesla designs and manufactures electric vehicles, as well as EV powertrain components. Tesla has delivered more than 55,000 electric vehicles to customers worldwide.

About Model S

[Model S](#) is the world's first premium sedan built from the ground up as an electric vehicle. It has been engineered to deliver unprecedented range and a thrilling drive experience. Model S is the world's fastest-accelerating four-door vehicle ever built.

With a rigid body structure, nearly 50/50 weight distribution and a remarkably low center of gravity, Model S offers the responsiveness and agility expected from the world's best sports cars while providing the ride quality of a luxury performance sedan.

Model S has received many awards and accolades, including [Motor Trend 2013 Car of the Year](#)®, [Car and Driver 10 Best 2015](#), [AUTOMOBILE Magazine 2013 Automobile of the Year](#), the [2013 Yahoo! AUTOS Car of the Year](#), [TIME's Best Invention of the Year](#)
